11	anonymous	I feel so lucky to have Jie as our tutor for a year! My classmates and I were very happy when seeing Jie again in macro class. Jie explains the concepts and problem sets very clearly. She also gives various supplements to help us study. I can see that Jie has done a lot of extra work that is not required for a TA. For that, I want to express my gratitude to Jie. Not to exaggerate, Jie is definitely one of the most responsible TA I've ever met.
